EDUCATION

- New School for Social Research, New York, NY - *Ph.D. Psychology*** 2000 - 2003
Title of PhD dissertation: "Antecedents of job embeddedness" (published)
- New School for Social Research, New York, NY - *M.A. Psychology*** 1998 - 2000
Title of M.A. thesis: "The Perception of Mental Disorder in Laypeople - A Cross-Cultural Study" (published)
- University of Bucharest, Bucharest, Romania - *Graduate work in Industrial Psychology/B.A. Psychology*** 1994 - 1998
Completed Ph.D. academic coursework in industrial psychology.
Held seminars on leadership, communication, recruiting techniques, and organizational change.
- Polytechnic University of Bucharest, Bucharest, Romania - *M.S. Mechanical Engineering*** 1989 - 1994

EXPERIENCE

- University of Bucharest, Romania** *Lecturer*
- Teach various graduate-level psychology courses, advises master-level dissertations
 - Conducts psychological research
- Berkeley College, New York, NY** *Associate Professor of Psychology* 2002 - pres.
- Teach various online and on-site undergraduate psychology courses
- City University of New York, York College, Behavioral Sciences** *Adjunct Assistant Professor* 2010 - pres.
- Teach various psychology-related undergraduate classes (e.g., Cognitive Lab, Statistical Analyses, Research Methods).
- Babeş-Bolyai University, Cluj-Napoca, Department of Clinical Psychology** *Senior Researcher* 2010 - pres.
- Principal Investigator in two Randomized Clinical Trials.
- Weill Medical College of Cornell University, Dept of Psychiatry** *Assistant Professor of Psychology* 12/07 - 12/09
- Worked with populations in high-risk occupations (e.g., disaster relief workers, military personnel).
 - Statistical analyses of various research projects.
 - Research on psychological consequences of trauma (e.g., PTSD, sleep quality, memory, depression).
 - Research on applications of Virtual Reality to the treatment of PTSD and other mental conditions.
- Weill Medical College of Cornell University, Dept of Psychiatry** *Instructor of Psychology* 12/04 - 11/07
- Research on psychological consequences of trauma. Research on evolutionary psychology (developing a High-K strategy scale).
 - Data interpretation and analyses for various research projects.
 - Grant proposals writing.
- Weill Medical College of Cornell University, Dept of Psychiatry** *Postdoctoral Associate in Psychiatry* 2003 - 11/04
- Involved in research on the psychological effects of trauma, specifically PTSD.
 - Managed large datasets (thousands of cases), performed statistical analyses and wrote grant proposals.
- New School University, NY** *Teaching Fellow* 2000 - 2002
- Taught undergraduate psychology courses. Title of the course: "History and Theories of Psychology". Supervised student research projects and organized discussion sessions on various scientific topics.
- Mercury Marketing & Research Consultants** *Human Resources Manager* 1995 - 1998
- Summary:** Supervised department of five employees in an international marketing research company with 100 full-time and approx 1000 part-time employees and was involved in all aspects of human resources, particularly training, organizational development and effectiveness.

GRANTS

- 1) Role: Principal Investigator. Title: "Darwinian Psychotherapy - A Clinical Trial for an Evolutionary-Driven Type of Intervention for Depression". Funding source: CNCS-UEFISCDI, project number: PN-II-PCE-2011-3-0230. Amount: ~450,000 USD.
- 2) Role: Principal Investigator. Title: "Dcombat: A Computerized Preventative and Therapeutic Intervention for Depression." Funding Agency: CNCS-UEFISCDI. Grant number: EEA-JRP-RO-NO-2013-1-0358. Amount: 700,000 Euros.
